

AP Environmental Science

Summer Assignment 2013

Environmental science is a very comprehensive course. For this reason I ask you to begin your studies over the precious few weeks you have off for summer.

Requirements, supplies and basic info;

- **Text:** Relyea, Et-Al, 2012 *Environmental Science For AP**
- Supplementary (free) material for this course can be found @ www.enviroliteracy.org and www.learner.org find the “Habitable Planet” series.

Summer Assignment

Read and complete assignment listed below.

Introduction; chapters 1-2 & Global change and a Sustainable future, chapters 18-20. For each chapter complete the “Do the math” and preparing for the AP exam multiple choice and free response questions. Assignment will be collected the first day of classes.

Advanced Warning! My lateness policy is very strict. **All** Late assignments w/o **valid** extenuating circumstances are 50% off! Example of valid; you were stuck in traffic while on the space shuttle. You’re in the CIA conducting a ‘black op” and were captured. Documentable family emergency backed up with a parental note. *If you have a printer/computer sob story; save it for the “Geek Squad®.”*

Have a great summer. I am looking forward to working with all of you.
