## GRADUATION VIDEO!!

\*\*\*\*\*

American Multimedia Yearbooks, the largest producers of high school DVDs in the country and the company that has filmed the St. Francis Prep Graduation the last 19 years, is happy to give you the opportunity to purchase a video of the **Graduation Ceremony, available on DVD or USB flash drive**. The purchase of this video will enable you and your son or daughter to relive the joy of this once in a lifetime event as often as you wish. The video makes a wonderful gift for parents, students, grandparents, etc. Don't miss the full effect of the entire event which will include all the excitement and fun you will want to remember forever. And every student purchasing a video and attending this event is guaranteed to be on the video. The graduation video will feature **a live close-up of each student processing in**. We also make a montage with great music and student comments at the beginning and end of the video. We videotape with three chip digital video cameras, which means that the quality of the images on your graduation video will be nearly indistinguishable from **broadcast quality** video! The price is \$39 (\$44 for USB flash drive), a great bargain! Your child's high school graduation is a once in a lifetime event. Why not remember it forever on DVD or USB flash drive? **Give one to your student to take to college, and keep one for yourself!**
